History & Mission: HUD traces its roots to the U.S. Housing Act of 1937, the same year that the Housing Authority of Baltimore City (HABC) was established. The Department of Housing and Urban Development Act of 1965 created HUD as a Cabinet-level agency (the actual implementation was postponed until January 13, 1966).

HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. To fulfill this mission, HUD will embrace high standards of ethics, management and accountability and forge new partnerships--particularly with faith-based and community organizations--that leverage resources and improve HUD's ability to be effective on the community level.
